Mr. William J. Casey  
The Director  
Central Intelligence  
Washington, D. C. 20505

Dear Bill:

I very much regret that I am unable to be with you for the Pioneers of Space Technology Anniversary celebration on Sunday.

To be recognized as one of the "Pioneers" is extremely gratifying. I regard the opportunity to have been a part of the early space program as the most exciting and rewarding technological experience of my lifetime.

I thank you for including me and look forward to seeing you again.

Sincerely,

*Fred*
